

## Spring 2019 MSORV Business Meeting Minutes

The Spring 2019 MSORV meeting was held on:

Wednesday, April 17th from 3-7PM, at:

Miami University Middletown  
142 Johnston Hall  
Middletown Ohio

There were 13 vendors present representing our corporate sponsors and 19 registered attendees recorded. The afternoon began with registration and a reception while attendees networked and visited with vendors. Richard Edelmann, MSORV President, opened the meeting with the welcoming remarks, the first talk began at 4:10 PM. Dr. John Kelley –Carl ZeissMicroscopy LLC presented his talk *“Introduction to X-ray Microscopy (XRM): Technology and Applications for Lab-based Non-destructive, High-resolution 3D Imaging and Analysis”*

At 4:50pm the business meeting was called to order by our President Richard Edelmann. Remarks about the opening for the MSORV treasurer, were made by Richard. Our former Treasurer, Josh Silverstein, has moved to Oregon. Jennifer Carpeña had volunteered to fill the position until the next election. According to the bylaws a simple vote by the membership at the next meeting was necessary to approve. A hand vote was taken, Jennifer was approved. Richard asked about whether or not a time change was needed to move the meeting start time from 3pm to 1pm so it would be finished earlier. After a brief discussion it was decided to try starting at 3pm in the spring and 1pm in the fall so it would be less dark driving home. It was decided to try the 1pm start time with the Fall 2019 meeting.

Richard reminded everyone that we will be holding elections in the fall, and we will need volunteers for President Elect, Secretary and Treasurer. More information on the elections will be emailed to the membership in the coming months.

At 6:00 pm Richard then introduced Dr. Thomas Kelly - Steam Instruments who gave his talk *“Overview of Atom Probe Tomography”*.

Closing remarks were made by Richard at 7:00pm and the meeting was adjourned.

Respectfully submitted,

Matt Duley  
MSORV Secretary
